

# Invest in Future Educate the Community

Investment in education is the real investment for the better future of the community. It is an everlasting act repaying everlasting reward.

## Let us heed to the following verses of the Holy Quran

“And spend of that which We have provided you before death comes to one of you, and he says: Lord: would you not give me respite for a short time, so that I would spend in charity and become the righteous? And Allah does not respite a soul when its term has arrived, and Allah is aware what you do”. (Surah 63, Ayat 10 & 11)

## Let's invest today to have a better tomorrow.
